Nomination Committee Proposal for Biotage AB's AGM 2013

Background

The Company's shareholders resolved at the Annual General Meeting held on 26 April 2012 that the Company forthwith shall have a Nomination Committee.

The Annual General Meeting 2012 resolved that the Chairman of the Board of Directors shall be elected member of the Nomination Committee, but not be acting as Chairman of the Nomination Committee. The Chairman was assigned to appoint, in consultation with the (by voting rights) three major shareholders of the Company as per September 1, 2012, another three members. The names of such members should be published no later than six months before the Annual General Meeting 2013. The Nomination Committee shall appoint one of the members to be the Chairman of the Nomination Committee.

A Nomination Committee consisting of shareholder representatives and the Chairman of the Board of Directors has been formed for Biotage AB.

The members of the Nomination Committee are:

Staffan Josephson, Investor Growth Capital, Chairman of the Nomination Committee

Anders Walldov, Brohuvudet AB and private

Jesper Bonnivier, Länsförsäkringar Fonder

Ove Mattsson, Chairman of the Board

The Nomination Committee shall, before the Annual General Meeting 2013, prepare proposals for the election of Auditors, the election of Chairman and other members of the Board of Directors, the election of Chairman of the Annual General Meeting, the determination of fees and matters pertaining thereto. The Nomination Committee has had continuous meetings and ongoing telephone contacts.

These meetings have primarily been devoted to an evaluation of the present board of directors, discussions about the number of board members, the need for recruitment of new board members, discussions concerning such potential new board members and board fees.

Statement by the Nomination Committee

Following interviews of board members the Nomination Committee has come to the conclusion that the number of board members is adequate for an efficient board. By reason thereof, the Nomination Committee will not propose any changes to the number of board members.

The Nomination Committee has discussed the composition of board members as well as the number of board members from a perspective of the company's present situation

and future developments. These discussions have had the purpose to get a better understanding of what requirements will put on the board going forward and have involved judgment of competencies and relevant experiences from the company's business environment. An overall guidance has been to have a composition of board members that has competencies and experiences necessary for Biotage. The Nomination Committee has taken into consideration the importance of striving for an equal number of men and women in the board.

The evaluation of the present board of directors has included a report from Ove Mattsson, Chairman of the Board, about the work undertaken by the board during the year. The board meeting attendance has been high amongst the board members and it is the Nomination Committee's understanding that the work within the board is functioning well.

The board members that have been proposed for re-election have all declared that they are available. By reason of the above the Nomination Committee proposes re-election of the following board members: Ove Mattsson, Anders Walldov, Nils Olof Björk, Thomas Eklund and Karolina Lawitz.

Per-Olof Eriksson has declared that he is not available for re-election as Board member. The Nomination Committee proposes the AGM to elect Peter Ehrenheim as a new member of the Board. Peter is currently the CEO and Chairman of Robustus Wear Components AB. He prior to that held the position as CEO and President of GE Healthcare Life Sciences. Peter is still an advisor to GE Healthcare. Peter is also the Chairman of Biolin Scientific Holding AB and a member of Meda AB's Board. Peter holds a Masters of Science, Mechanical Engineering, from the Royal Institute of Technology in Stockholm and he has undertaken management studies at IHM, Stockholm.

Ove Mattsson is proposed as chairman of the board.

The Nomination Committee believes that the proposed constitution of the board is appropriate to meet the challenges of the company business, considering the art of the business, current business environment and other relevant conditions.

The Nomination Committee has concluded to propose that the board fee shall remain at the same level as determined at the 2012 AGM.

All proposed Board members are considered independent of the Company and its management. All proposed Board members, with the exception of Ove Mattsson and Anders Walldov, are considered independent of the Company's major shareholders, as defined in the Swedish Code.

The Nomination Committee, with the assistance from the Audit Committee, did an evaluation of different suppliers of auditing services in front of the AGM 2012. With the assistance of the Audit Committee, the Nomination Committee has evaluated the services from the current supplier. The conclusions of the Nomination Committee is that they see no reason to change supplier of auditing services at this time and will propose to the AGM that the auditing firm Deloitte AB with Marcus Sörlander as Auditor in Charge is re-elected. The appointment is for one year.

The Nomination Committee of Biotage will present the following proposals at the company's Annual General Meeting:

The Nomination Committee's proposal regarding chairman at the Annual General Meeting

The Nomination Committee proposes that Ove Mattsson shall chair the meeting.

The Nomination Committee's proposal regarding number of board members and deputy board members
